

MILAD ABOOALI

Turkey (originally from Iran) - Open to relocation - (+90) 541 125 2024
M.Abooali@hotmail.com · [linkedin.com/in/milad-abooali](https://www.linkedin.com/in/milad-abooali) | abooali.ir

With a strong grasp of computer logic, I focused on programming from 2006. I am familiar with databases and front-end design as well. In addition, I have good skills in project management in different developing environments.

EXPERIENCE

DECEMBER 2020 – PRESENT

SENIOR DEVELOPER, 4INSOFT

The main goal of the company is to produce a Fin-Tech software-based Artificial Intelligence. CRM, Web Trader, WAF, Decentralized Accounting, Financial Assistant Bot (AI), MetaQuates developing based API, Macros, and mainframe (MT4 & MT5).

DECEMBER 2012 – DECEMBER 2020

FOUNDER, CODEBOX

Focused on building quality web applications using the latest web technologies. Improved client websites performance and decreased required server resources. Made standards for workflows in many cases and give them digital automation, obvious repetitive processes to save them from unnecessary costs.

JUNE 2014 – DECEMBER 2016

CHIEF ADMINISTRATIVE OFFICER, SARFEJOO

I was the programming team leader too and I Introduced a new type of web/products search engine by working on a diff from find to search based AI and Machin Learning. Created robots (price grabber) for many different ECommerce CMS like Magento, Opencart, WooCommerce, Virtual Mart, PrestaShop, WHMCS, and even dedicated CMSs. Honors in my management:

+ Winner of the Eighth IWMF Festival (by referees).

+ Candidate of IWMF (seventh) in the category (Price Comparison) selected by users.

JULY 2013 – JUNE 2014

CHIEF OF DEVELOPMENT, HEDIYEIRANI

Make a costume version of OpenCart CMS with many modules and make it occasion-based CMS as a gift service provider with 3 sides.

SEPTEMBER 2006 – AUGUST 2012

FULL STACK DEVELOPER, FREELANCE

Learning, upgrading my skills and experiences also contribute to open-source projects.

EDUCATION

JANUARY 2004

BACHELOR'S ELECTRICITY, SHIRAZ UNIVERSITY OF TECHNOLOGY

My rank was 25 in Iran (in the entrance exam), unfortunately, I dropped out after 2 years.

I lost my permission to continue studying in my country due to my political/social activity.
